OsteOmegaCare®
Creamy Vanilla

Product Name: OsteOmegaCare® Vanilla,
32 fl. oz. (960ml)

Item No: 50019

Characteristics: A 100% vegetarian liquid calcium and mineral supplement formulated to provide an easily absorbed and great tasting source of calcium. Also contains magnesium, vitamin D and other supporting nutrients in proper ratios.

Benefits and Features:

OsteOmegaCare products were designed not only to promote strong bones and teeth, but also to support healthy nervous and cardiovascular systems.

Essential Fatty Acids (EFA's)

Derived from the richest vegetable source of omega EFA's, organic flaxseed oil contains a perfect four-to-one ratio of omega-3 to omega-6 oils.

EFA's are the building blocks of every membrane of every cell in the body. They must be obtained from a food source or a food supplement because the body cannot produce omega-3 and 6 on its own.

- **They are "good fats" that together:**
 1. make up a very large part of the brain's active tissues
 2. contribute to reduction of cholesterol and triglycerides
 3. prevent blood cells from conglomerating
 4. are necessary for absorption of fat-soluble vitamins like A, D, E and K
 5. help reduce inflammation and swelling
 6. maintain proper kidney function and fluid balance

Inulin (Oligo-fiber) :

- Boosts calcium absorption, which is important to building and maintaining strong bones
- Stimulates the growth probiotics; beneficial intestinal bacteria

Calcium :

- Regulates the transportation of ions across cellular membranes and is particularly important in nerve transmission
- Is required for muscle contractions throughout the entire body and therefore the regulation and maintenance of our heartbeat
- Plays an important role in blood clotting
- Maintains collagen, the glue that holds cells together

Vegetarian Glucosamine:

- A naturally occurring amino-sugar that is thought to promote the formation and repair of cartilage. Glucosamine works in perfect synergy with omega oils to promote joint health and reduce inflammation.

L-Carnitine:

- A naturally occurring amino acid compound that helps to transport long chain fatty acids across mitochondrial membranes.

Vitamin D:

- Promotes the absorption of calcium across the intestinal wall of cell membranes.

Color: Light yellow to beige. Discoloration may occur after opening. This does not alter its effectiveness.

Texture: viscose liquid

Flavor/Taste: vanilla

Servings per container: 64

Storage/Shelf life:

- **Unopened:** Shelf stable for 12 months when stored at room temperature, sheltered from light and moisture, and product is kept in its original packaging.
- **Opened:** For the best benefits use within 40 days after opening. Refrigerate after opening.

Recommended Daily Intake: Take 1 tablespoon (15 ml) twice a day. Note: During initial use, if experiencing intestinal cleansing or loose stool, reduce consumption by half and slowly increase to recommended amount.

Guaranteed analyses

Microbiology:

E.coli MPN/g	Maximum: <3 (Negative by test)
CP Staph/g	<10 (Negative by test)
Salmonella/25 g (ELI)	Negative by test
Listeria monocytogenes/25g (ELI)	Negative by test

General: All of Life Force International products are manufactured following cGMPs in compliance with the US Food and Drug Administration's cGMPs Regulations (21 CFR 110).

Keep out of reach of children. Pregnant or lactating women should consult their healthcare professional prior to using any new product. Satisfaction guaranteed.
